Discover Azerbaijan with Irs-Heritage

Musa MARJANLI,
Editor-in-Chief

Irs-Heritage is turning 10 this year. Over this period, we have published more than 600 stories about Azerbaijan's material culture, history and prominent personalities. Originally published only in Russian, the *Irs-Heritage* magazine now informs the world community about the present-day Azerbaijan in 10 languages. In fact, the issue of the magazine you are holding in your hands is circulated in up to 70 countries around the world.

Being one of the world's most ancient centers, Azerbaijan has a long history. Abundant cultural heritage which subsequently became part of the global cultural treasury emerged on its territory over the course of millennia. Our main goal is to inform people of the world about this boundless wealth, introduce Azerbaijan as the most powerful, diverse and tolerant country of the region, a country open to anyone coming here with good intentions.

Dear readers,

Discover Azerbaijan yourself by reading *Irs-Heritage*. We will be proud to assist you in that.
