

HISTORY OF THE MINISTRY OF FOREIGN AFFAIRS OF THE AZERBAIJAN REPUBLIC IN 1918-1920 DOCUMENTS

In the process of research devoted to the 100th anniversary of the establishment of the Ministry of Foreign Affairs of Azerbaijan, we were further convinced of how deep the traditions of our country's statehood are. Azerbaijani states that have replaced each other over the centuries played a prominent role in international relations not only in the region, but also in the continent and at times even in the whole world. Even such a short period as 23 months of the existence of the first democratic republic in the Muslim East – the ADR, is reflected in thousands of documents currently stored in various archives around the world – from London to Istanbul, from Washington to Moscow. The photos published below form only a small part of the documents reflecting the ADR's foreign political activity. We are sure that further research of this area will reveal many more secrets of the first republic. 🌟
